ACADEMY

MESSAGE FROM MISS NEWLEY

Welcome back everyone and a special welcome to our new parents and families that have joined us this academic year!

Starting a new school or coming back to school after the long summer holidays can be quite daunting (for children, parents and staff!) but the children have settled brilliantly with their new teachers in their new learning environments.

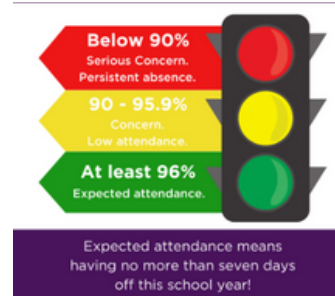

This week and next week are our 'Establishment weeks' where we focus on the basics, getting back into good routines and building positive relationships with our peers and staff. Classes have taken part in circle times, mindfulness, whole class movement and sensory breaks and are in the process of nominating their school and eco council and, in some classes, applying for classroom jobs and responsibilities!

We are so proud of our new EYFS class (Acorn Class) who have been amazing in their first week! We can't wait to see them grow into confident and independent members of our school community. Next week, PE will start. Please make sure kits come in to school on Monday and remain in school all week! Enjoy the weekend everybody
